Our Service Promise - Fast, Friendly, Efficient & Reliable

At GS Electronics, we understand the importance of having someone you can rely on to maintain, service and repair your mobility equipment. A trusted and experienced service provider for over 40 years, we offer a convenient mobile service and repair centre, with a reputation second to none. An NDIS Registered Provider, we are a family run business with a long history in the industry and a genuine commitment to helping people get mobile. Our friendly service technicians are fully trained to conduct the most complex electrical and mechanical repairs, alterations and customisations, so you can stay mobile.

Our Service & Maintenance Program

GS Electronics offer a convenient Service & Maintenance Program, designed to keep your mobility equipment safe and functional – minimising the need for expensive repairs. We recommend that you have your equipment professionally serviced every 12 months.

What Equipment Do We Service?

We service most well-known brands of mobility equipment including Magic Mobility, Pride Mobility, Quantum Rehab, Ottobock and more.

Power Wheelchairs

Manual wheelchairs

Mobility scooters

Electric lift chairs

Aspire lift hoists

What's included in a Service?

This depends on the equipment, but for power wheelchairs and scooters, your service includes the following:

- ✓ Comprehensive safety check of all frame joints and tyres
- ✓ Ensure all nuts and bolts are tightly secured
- ✓ Battery and battery charger check
- ✓ Consumables, lubricants and cleaning fluid
- ✓ Quote for any major repairs/replacements, if required
- ✓ Automatic notification when your next service is due, so you don't have to worry about it.

How to Book an Appointment

To book an appointment to service, repair or replace items on your equipment, **please call GS Electronics on 07 3907 0569.**

If you are an NDIS participant, ensure that you have the following information on hand before you call us:

- NDIS number
- Start date
- Review date
- Date of birth
- Plan Manager's contact details.

This information is required for us to submit a quote to the NDIS through your Plan Manager for the work requested. After your call, we log a request with our service technicians, advising them to visit you and provide a quote for the NDIS to advise how much the work required will cost. The quote is then sent to your Plan Manager for approval. Once approved, we will call you to arrange a time to conduct the service or repairs.

Alternatively, your Plan Manager can call us on your behalf – just make sure they have all the details regarding the issue with your equipment. We can then book the appointment for you with the knowledge that your funding covers the work required.

Not with the NDIS? No Problem!

We also conduct service, repairs and maintenance for:

- private clients without funding
- clients with Home Care Packages.

Our friendly team will be happy to talk you through the process that's right for you, so just give us a call!

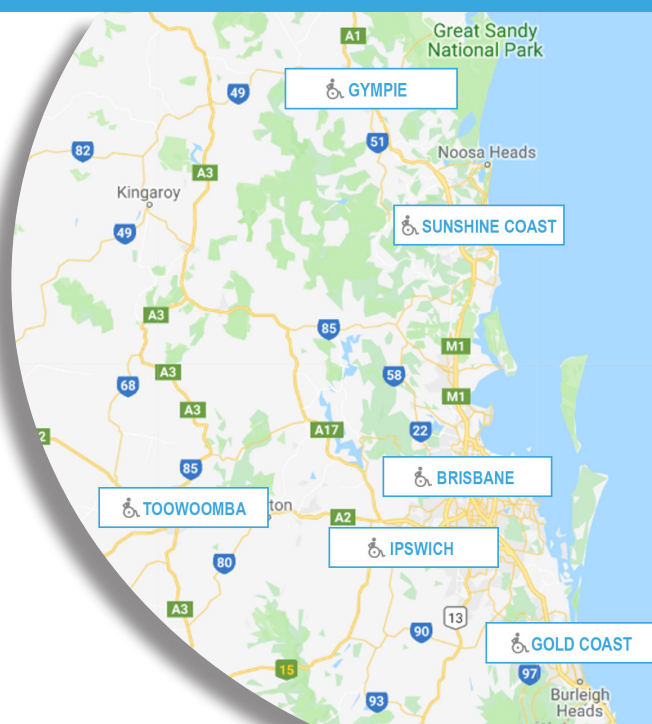

We've Got You Covered

Our convenient mobile repair service covers the following areas:

- Brisbane
- Ipswich
- Gold Coast
- Sunshine Coast
- Gympie
- Toowoomba.

Alternatively, you can come and see us at our service centre in Brisbane. Please call first to make an appointment, so we can ensure that a technician can see you promptly.

For fast, friendly, reliable service from a knowledgeable team you can trust, call GS Electronics on 07 3907 0569.

The power to move you

Need New Mobility Equipment?
