

"I CAN DO THINGS I NEVER THOUGHT I WOULD BE ABLE TO DO AGAIN"

Nicole
Melbourne, VIC

FULL LIGHTING PACKAGES

Been out having too much fun and it's getting late? Put your lights on. Fitted on rubber brackets.

UP CLOSE AND PERSONAL

Side transfers aren't the only reason you need to flip your armrest out of the way.

TAKE CONTROL

A full range of advanced control systems and environmental controls are available. Easy to program and easy to use.

PUT IT IN THE BOOT AND HIT THE ROAD

The folding backrest is a great feature for various backrest options. A simple, quick release pin allows you to fold your wheelchair to nearly half the height.

V6™

FRONTIER V6 COMPACT 73

For some, the answer lies in the middle. Not the biggest, not the smallest, but just right. The Frontier family has proven itself for over a decade. With mid-sized castor arms, the Compact 73 handles curbs and takes potholes in its stride, giving you improved freedom in and around the streets.

**ATTENTION
TO DETAIL**

Working together, we can figure out how to make your wheelchair uniquely yours. We know that small touches make a big difference.

BUILT TO LAST

We never compromise on quality. Your wheelchair is your mobility, therefore reliability is paramount. We’d much rather spend time improving our products than repairing them.

**ENGINEERED TO
THE LAST BOLT**

If we think we can make it better, we will. Our in-house engineering team are hands on, working side by side with customers and therapists. The entire Magic team work continuously on how we can improve the experience, from choosing a Magic Mobility wheelchair to its performance in the places you want to go.

**PROUDLY
AUSTRALIAN
DESIGNED
AND MADE**

We love that our product is made in Australia. We love meeting our customers, hearing their ever changing needs and taking it back to the drawing board.
